RIP Griffin Center Admission and Security Policy

All teams must enter through the South West entrance where the buses will load and unload. Please note that security will take place at the entrance doors as opposed to at the pass gate (this is a change, and the weather could possibly play a factor in this setup.) Players' bags may be checked. Food and drink is not permitted. Please instruct team to use team cooler for nutritional food and drink. See notes regarding Team Cooler below.

Following security check attendees can go to the box office, or pass gate/turnstiles. The Pass Gate will again be located via the lobby. All arena access will be through the lobby gate. Security and RIP Griffin Center ticket gate workers will staff this gate. They will be expected to follow very specific instruction.

At the Pass Gate, teams will be checked off by official name badge:

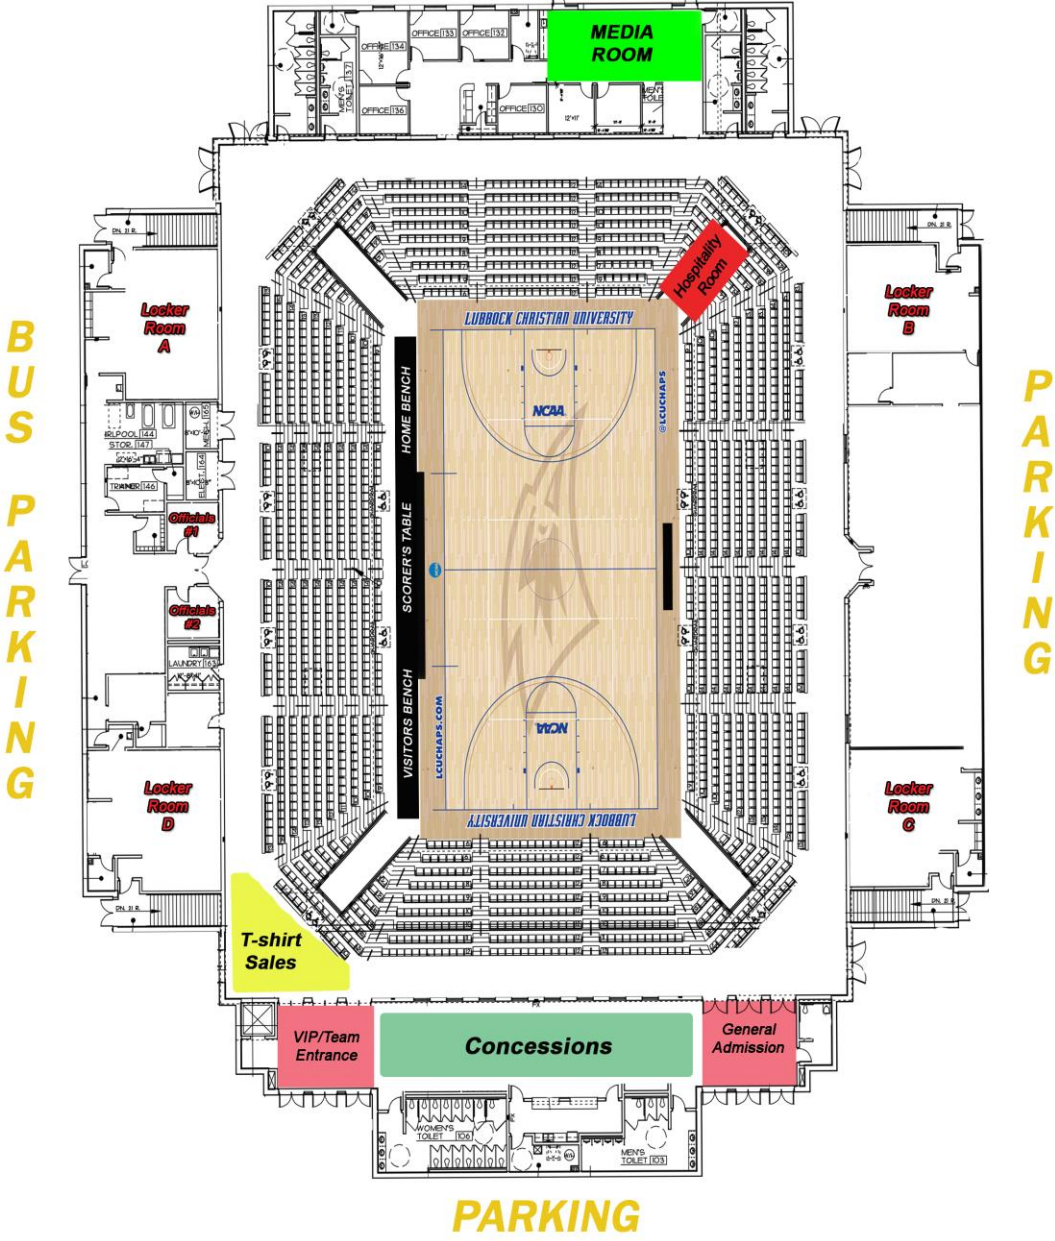

- If two teams arrive at the game at the same time, one team will have to go first followed by the other. (If conflict, the highest seeded team will go first.) It is important to have one whole team through first and then the other, so that the guard checking the list doesn't have to switch between lists.

Team Cooler

If the team has a cooler, the coach or team host may check it through the team entrance at the South West entrance. A security guard may check the cooler, and allow it to be taken directly to the team's locker room if their room is available.

The Team Pass Gate Lists will be completed and collected at the mandatory Coaches' Meeting.
